Assistant Commissioner for Patents  
Washington, D.C. 20231

Sir:

In response to the Advisory Action dated January 26, 2001, please amend  
the subject application as follows.

IN THE CLAIMS

Amend claims 14 and 20 as follows:

14. (Amended) An apparatus for producing heat-insulating composite paper  
containers comprising:

an oven producing currents of heated air;

a conveyor for conveying a plurality of fabricated containers through the oven  
to cause a foamable material to foam on a surface of each fabricated  
container, the conveyor including a plurality of spaced apart holders for  
supporting respective fabricated containers, each holder configured for
